SPARK PLUG WIRE SET

427 - 406 - 390 - 352

These Sets are custom made to fit. They include all 8 spark plug wires, the coil wire and correct routing instructions. The plug wires are the correct diameter black wire with correct style black spark plug boots and 90° black coil boots. They are made to route and fit original equipment ignition systems.

C3AZ-12259	All Standard Applications	\$51.95
C3AZ-12259CC	Copper Core for Racing Applications	\$65.95

IMPORTANT: These spark plug wire sets are made to fit only the original style ignition systems with the correct 63/64 Big Block valve covers with the spark plug mounting brackets in the first third of the valve cover on each side. The wire sets **will not fit** the early 58 to 62 valve covers with the brackets in the center of the valve cover. They **will not fit** the later 65 and up pentroof valve covers and they **will not fit** any custom or aftermarket cast aluminum, steel or cobra style valve covers. They are made for stock applications only.
