

IMPORTANT

PLEASE READ

All parts listed in this Catalog are exact reproductions, factory replacements, OEM or NOS. They are made to replace stock Original Equipment parts as they were intended to be used and installed. If your car has been changed or modified, they may not fit. An example of a changed or modified car could be an engine swap, transmission change, generator to alternator conversion, brake conversion, steering conversion, front suspension change, Galaxie 500 to Galaxie 500XL change, etc. If your car has been changed, the responsibility of knowing if a part will fit is up to the purchaser. Please read the description of each part carefully before you purchase. All the parts listed are made to replace stock original components. Be aware that all electrical parts, switches, wiring harnesses, relays, etc. cannot be returned as well as any fuel or brake lines, carpet, windlace or any sealed package that has been opened. Do not assume a part will work on your car. It is your responsibility to know what you have and if an original style part will work for your application.

We have over 37+ years of experience in restoring and maintaining 63 and 64 full size Fords. We know what will and will not work. If you are not sure or have any questions, please call and ask before purchasing.
